### NOTICE OF PROPOSED RULEMAKING

**Adopted: March 21, 2005**

**Released: March 23, 2005**

**Comment Date: May 10, 2005**

**Reply Comment Date: May 25, 2005**

By the Assistant Chief, Audio Division, Media Bureau

1. The Audio Division has before a Petition for Rule Making filed by Meridian Broadcasting Inc. ("Petitioner"), licensee of Station WTLT(FM), Channel 229C3, Naples, Florida, requesting the substitution of Channel 229C2 for Channel 229C3 at Naples, Florida, reallocation of Channel 229C2 from Naples to Sanibel, Florida, as its first local service, and modification of the Station WTLT(FM) license to reflect the change. Petitioner stated its intentions to file an application implementing Channel 229C2 at Sanibel, if allotted.

2. Petitioner filed its reallocation request pursuant to Section 1.420(i) of the Commission's rules, which permits the modification of a station's license to specify a new community of license without affording other interested parties an opportunity to file competing expressions of interest in the proposed allotment.<sup>1</sup> The proposed reallocation of Channel 229C2 at Sanibel is mutually exclusive with the current authorized facilities of Station WTLT(FM), Channel 229C3, Naples, Florida. When considering a reallocation proposal, a comparison is made between the existing allotment and the proposed allotment to determine whether the reallocation would result in a preferential arrangement of allotments based upon the FM Allotment priorities.<sup>2</sup> The proposed Channel 229C2 reallocation at Sanibel would provide a first local service, whereas the retention of Station WTLT(FM) at Naples would attribute to a seventh local service.<sup>3</sup> As such, the reallocation proposal results in a preferential arrangement of allotments based on priority (3), first local service.

<sup>1</sup> See *Modification of FM and TV Authorizations to Specify a New Community of License*, 4 FCC Rcd 4870 (1989), recon. granted in part 5 FCC Rcd 7394 (1990).

<sup>2</sup> The FM Allotment priorities are (1) First full-time aural service. (2) Second full-time aural service. (3) First local service. (4) Other public interest matters. [Co-equal weight is given to priorities (2) and (3)], See *Revision of FM Assignment Policies and Procedures*, 90 FCC Rcd 88, 91 (1988).

<sup>3</sup> AM Station WNOG, noncommercial FM Stations, WBGY, WSRX, WSOR, and FM Station WARO and WSGL are currently licensed to Naples.

3. Petitioner states that the proposed Channel 229C2 allotment would provide a new gain of service to 128, 205 persons. However, the gain and loss area are considered well-served with five or more aural services. Sanibel, Florida is part of the Cape Coral, Florida Urbanized Area. The proposed Channel 229C2 allotment would cover 91.1 percent of the Cape Coral, Florida Urbanized Area and 6 percent of the Bonita Springs-Naples, Florida Urbanized Area. The existing Channel 229C3 facility at Naples is part of the Bonita Springs – Naples, Florida Urbanized Area and covers 90.3 percent of the Bonita Springs – Naples, Florida Urbanized Area and 12.8 percent of the Cape Coral Urbanized Area within its current 70 dBu contour. To this end, a *Tuck* showing is required because the proposed Sanibel allotment is located in an Urbanized Area, thus implicating the Commission's policy against migration of stations from rural to urban areas.<sup>4</sup> In this regard, a rulemaking proponent must demonstrate that the intended city of license is sufficiently independent of the central city to justify a first local service preference. In making the determination, we consider the extent the station will provide service to the entire Urbanized Area, the relative populations of the suburban and central city, and most importantly, the independence of the suburban community. Petitioner has submitted a *Tuck* showing demonstrating that Sanibel is not dependent upon the Cape Coral, Florida Urbanized Area, warranting a first local preference.

4. The proposal warrants consideration because it could provide Sanibel with its first local service. A staff engineering analysis has determined that Channel 229C2 can be allotted to Sanibel in conformity with the Commission's rules, provided there is a site restriction of 8.3 kilometers (5.2 miles) northwest at coordinates 26-30-00 NL and 82-05-00 WL. In accordance with the provisions of Section 1.420(i) of the Commission's rules, we shall not accept competing expressions of interest pertaining to the use of Channel 229C2 at Sanibel.

5. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to the communities listed below, as follows:

<u>Channel Number</u>		
<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Naples, Florida	228A <sup>5</sup> , 233C, 284C2	233C, 284C2
Sanibel, Florida	-----	229C2

6. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required in paragraph 2 of the Appendix before a channel will be allotted.

7. Pursuant to Sections 1.415 and 1.419 of the Commission's Rules, interested parties may file comments on or before May 10, 2005, and reply comments on or before May 25, 2005, and are advised to read the Appendix for the proper procedures. 9. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.<sup>6</sup> This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, *see* 44 U.S.C. 3506(c)(4).
